

### MATERIAL SAFETY DATA SHEET

Product name: ST-4004 Blue Lens Tape

### 1. Product and company identification

Product name: ST-4004 Blue Lens Tape

Manufacturer/Distributor:

DAC VISION

3630 West Miller Road, Suite 350, Garland, TX 75041

Phone number.: 1-972-677-2700 Fax: 1-972-677-2800 E-mail: dacvision.na@dacvision.com

Emergency phone number: Chemtrec: 1-800-424-9300

### 2. Composition, information on ingredients

Consists of a heat sensitive film (LDPE: Low Density Polyethylene film) coated with a blue acrylic adhesive. It offers moderate tack and adhesion properties and high cohesion. Is presented on a siliconized paper liner.

Polyethylene tape - Acrylic adhesive - Siliconized paper

### 3. Hazard identification

No specific hazards if product is used as intended for lens processing.

Inhalation: Not applicable Eye contact: Not applicable

Skin contact: None hazardous effects known

Ingestion: Not applicable

Environment: See item 12 and 13.

#### 4. First aid measures

Inhalation: Not applicable Eye contact: Not applicable

Skin contact: Wash with soap and water, in case of skin irritation; wear protective clothing.

Ingestion: Not applicable

Environment: See item 12 and 13.

### 5. Fire fighting measures

Extinguishing media: All approved extinguishing media for environment fires are suitable.

Inappropriate extinguishing media: Specific hazards: Flammable

Personal protection: In the event of fire, the product can generate CO2, CO, .... Use specific equipment.

## 6. Accidental release measures

Individual and environmental protection: Not applicable

Cleaning up: Not applicable

## 7. Handling and storage

Handling: The best storage conditions are 68°F ±41°F, 50%HR ±15% HR, in a healthy location (without dust, grease, or water), and products being in their original popularing

in their original packaging.

Storage:

# 8. Exposure control / Personal protection

No specific hazards under normal conditions of use, handling and storage for the lenses fining. Wash with soap and water, in case of skin irritation;

wear protective clothing.

Respiratory protection: Not applicable Hands protection: Not applicable Eye protection: Not applicable Skin protection: Not applicable

Personal hygiene: Handle with elementary precautions of hygiene and neatness. Do not eat, drink, or smoke on the work area. Wash hands

abundantly before eating, drinking or smoking. Avoid inhalation or ingestion of smoke.

## 9. Chemical and physical properties

Appearance: Solid Color: Blue Odor: Subtle pH: Not applicable

Boiling temperature: Not applicable
Melting temperature: Not determined
Decomposition temperature: Not determined
Flash point: Not applicable/Not determined

Density: Not applicable Viscosity: Not applicable Solubility: Not applicable Vapor pressure: Not applicable

Date revised: 2015

### MATERIAL SAFETY DATA SHEET

Product name: ST-4004 Blue Lens Tape

### 10. Stability and reactivity

Stability: Products are stable and non reactive under normal conditions of use and storage.

Conditions to avoid: None

Materials to avoid: Strong bases, acids and oxidizers

Decomposition products: None hazardous under normal conditions.

## 11. Toxicological information: Acute toxicity

Inhalation: Not applicable Ingestion: Not applicable

Skin contact: Long skin contact can lead to irritation.

Eye contact: Not applicable Chronic toxicity: Not applicable Irritation/sensitization:

### 12. Eco-toxicological information

Degradability: -

Accumulation: -

Effects with short and long terms: -

Different harmful effects: -

### 13. Disposal

Dispose according to local regulations. Comply with all federal, state and local regulations.

Recommendations: Transfer to a suitable container. Dispose according to local regulations.

Code EWC (European waste code): 12 01 99 (ADEME)

Contaminated containers recommendations: Dispose according to local regulations.

## 14. Transport information: Not restricted

Labeling: -

### 15. Regulatory: Labeling according to European directive 67/548/CEE:

Phrase S:-Phrase R:-

### 16. Other information:

These information are based on Material Safety Data Sheets from the manufacturer. They do not represent a warranty on the properties of the product. They do not excuse the user of the product from knowing and applying the regulation and from performing the obligations which fall to him during the use of this product. Product intended for an industrial use only. Not to use for other applications than those mentioned on the Technical Data Sheet. Handle with elementary precautions of hygiene and neatness.
